## ABOUT ME

Backend Engineer with a passion for crafting efficient and scalable solutions. Skilled in developing and maintaining server-side applications to support various web and mobile platforms. Seeking a challenging role where I can leverage my experience in backend development to contribute to innovative projects and continue on acquiring new knowledge.

## EDUCATION AND TRAINING

### Computer Science BSc

**Universidade da Beira Interior** [ 11/09/2019 – 17/07/2022 ]

City: Covilhã

Country: Portugal

- Developed a web application for a class project using HTML, CSS, and JavaScript, showcasing proficiency in front-end development.
- Collaborated with classmates to design and implement algorithms for a data structures assignment, demonstrating strong problem-solving skills.
- Completed a semester-long research project on artificial intelligence, presenting findings to faculty members and peers.
- **Coursework:** Algorithms & Data Structures, Artificial Intelligence, Object-Oriented Programming, Computer Architecture, Software Engineering

## WORK EXPERIENCE

### Backend Engineer

**OLX Group** [ 11/09/2023 – Current ]

City: Lisbon

Country: Portugal

- Developed and implemented scalable backend systems using Golang and TypeScript, resulting in a 30% increase in system performance.
- Collaborated with cross-functional teams to design and deploy RESTful APIs for improved communication between front-end and backend systems.
- Conducted thorough testing and debugging of backend code to ensure seamless integration with third-party services and platforms.

### Frontend Developer

**Sagres Sun Stay Go** [ 04/07/2021 – 09/09/2022 ]

City: Sagres

Country: Portugal

- Developed interactive and responsive front-end designs for websites using HTML, CSS, and JavaScript.
- Collaborated with design team to implement user-friendly interfaces and optimized website performance in the backend.

- Conducted thorough testing and debugging to ensure cross-browser compatibility and smooth user experiences.
- Implemented best practices in web development, including code optimization, accessibility, and search engine optimization strategies.

## **LANGUAGE SKILLS**

---

Mother tongue(s): **Portuguese**

**Other language(s):**

**English**

**LISTENING** C2 **READING** C2 **WRITING** C1

**SPOKEN PRODUCTION** C2 **SPOKEN INTERACTION** C2

*Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user*

## **DIGITAL SKILLS**
